Debris Removal	Reasonable expenses paid for the removal of debris from a covered peril (wind) subject to a maximum of 5% of the coverage limit.	Reasonable expenses paid for the removal of debris from a covered peril (wind) subject to a maximum of 5% of the coverage limit.	Please refer to the company specific policy form for details of coverage.
Generators	If the insured purchases a generator because of the hurricane, the cost may or may not be covered under Additional Living Expense. The adjuster will have the final call.	If the insured purchases a generator because of the hurricane, the cost may or may not be covered under Additional Living Expense. The adjuster will have the final call.	Same.
Fences	Covered. If the fence is attached to the dwelling then coverage is found under Coverage A. If the fence is not attached to the dwelling, then coverage is found under Coverage B-Other Structures. The coverage is then set at 10% of the dwelling coverage. Fences are usually paid on the ACV basis if they are not attached to the dwelling. If the fence is made of materials other than wood, the HO-2000 program offers an endorsement to convert these structures to replacement cost loss settlement for a 2% premium charge.	Covered. If the fence is attached to the dwelling then coverage is found under Coverage A. If the fence is not attached to the dwelling, then coverage is found under Coverage B-Other Structures. The coverage is then set at 10% of the dwelling coverage. Fences are usually paid on the ACV basis if they are not attached to the dwelling.	Some companies exclude fences in the event of hurricane whether or not the fence is attached to the dwelling.
